

Waste less, recycle more

Your guide to recycling and waste

2023-2024

- By 2030 we're aiming for a 15% reduction in black bin waste compared to 2019 and a recycling rate of 70%.
- In 2021 North Somerset reduced black bin waste compared to 2020, but it's still higher than in 2019. Overall recycling rate also dropped to 59%
